

Flexible Spending Account (FSA)
Healthcare/Dependent Care FSA

Valuable pre-tax benefits with convenient tools

Annual Contribution Amounts	
Healthcare FSA max election (per year)	\$2,750
Dependent Care FSA max election (per year)	\$5,000

Why not use pre-tax dollars to pay for medical co-pays, prescriptions, and/or daycare fees, thereby reducing your taxable income and increasing your take-home pay? It's a no-brainer.

The pre-tax advantages of a Flexible Spending Account (FSA) allow you to save **up to 30%** on your eligible healthcare and/or dependent care expenses every year. Consider how much you spend on these costs for you and your qualified dependents in one year and how much you could save by using pre-tax dollars.

How it Works

FlexSystem FSA is offered through your employer and is administered by TASC. When you choose to enroll in a FlexSystem **Healthcare FSA** and/or **Dependent Care FSA**, you determine the dollar amount you want to contribute to each account based on your estimated expenses for the upcoming Plan Year. Your contributions will be deducted in equal amounts from each paycheck, **pre-tax**, throughout the Plan Year.

The more you contribute to these accounts, the more you reduce your taxable gross salary. And with less taxes taken, your take-home pay increases!

Your total annual Healthcare FSA contribution amount is available immediately at the start of the Plan Year. Dependent Care FSA funds are available up to the current account balance only.

The TASC Card Convenience

Enjoy easy access to your FSA funds with the swipe of a card instead of out-of-pocket spending and requesting a reimbursement!
